Foreword

Because it is a fault of man to value least what is near him, we are often unmindful of the debt Copiah-Lincoln owes to farm people. Three decades ago this institution was founded by land-loving, God-fearing farmers that their children might have the advantages of an education. Hence, in this the fourth volume of the *Co-Lin Trillium,* we wish to acknowledge Copiah-Lincoln's debt to these rustic people by featuring the agricultural phase of our school. It is our aim to preserve within these pages the physical, intellectual and spiritual elements of our Copiah-Lincoln.

Dedication

Normally we keep those things closest to our hearts hidden from public view, but on this page, we, the students of Copiah-Lincoln, express that affection and honor which we hold above all others in dedicating our COLIN TRILLIUM to the people who mean the most to us—OUR PARENTS.

Alma Mater

Hail Copiah-Lincoln!
Sons and Daughters true,
Pledge thee our love, we'll
sing thy praise anew.
Faithful and loyally we'll
ever honor thee.
We'll push thy colors on
to victory!

INISTRATION

TO THE SOPHOMORES OF 1940:

The session of 1939-'40 marks the quarter-century of service rendered this immediate section by Copiah-Lincoln.

Perhaps the dream of the founders of Copiah-Lincoln was surpassed many years ago in the physical plant and enrollment. Most probably, however, their dream visualized a far-reaching influence for cultural and character development which can be attained only in the hearts and lives of future generations.

If homes have been improved and firesides made happier and brighter; if the standard of living has been raised; if county schools have become more adequately supported and more efficiently taught; if citizens have been caused to realize more fully their responsibility for good government; and finally, if strong character has been developed, then the dream of the founders and the ideals of the administration are in process of realization.

The supreme test of successful teaching is not the recorded grade in subject matter, but the imbedded ideals of truth and finer living.

It is the hope of the administration and teachers that the Sophomores of 1940 will feel heavily upon their shoulders the responsibility of living. It is our wish that you attain the success of your dream to an even greater extent than has your Alma Mater.

Remember, Copiah-Lincoln succeeds only as you succeed. We wish for you every happiness you so richly deserve.

J. M. EWING
President of Copiah-Lincoln

HEROES COUPLETS

Collins Cooper, the boxer, is well known at Co-Lin,
The friendliest of boys, and doesn't he grin!

"Butch" Lang is well liked we all do admit
As King of Freshman Day on the throne he did sit.

Biceps and brains are Armand Perrault's claim
With one he raises weights; with the other he seeks fame

Minute Paul Coussens the big bass does blow
The music goes round, and the notes are so low.

Etha Freeman, the orator and botanist superb,
Can speak on the moment or study the herb.

If Doris Lang, with her hair all aflame
Doesn't get her Romeo, it's none of her blame.

Ann McCluney, our calendar lass,
Keeps us posted on the day of last class.

Edgar Simmons, one of the high-stepping Co-Lin lads,
With his rhythmic drum-beats starts fads.

Susan Proby, as the students did declare,
Is the best-dressed of all the fair.

Of a college girl Wanda Porter is to me,
Quite the living description to a T.

Roy Chandler excites in many a girl a sigh,
Yet, as far as he's concerned, they can all go by.

Lucy Norman, with manner so quiet
On top of a pyramid creates quite a riot.

In describing little Marguerite Boe
Well, she's too cute for words, is all I know.

If it takes string music to make you be merry,
Wholeheartedly we prescribe Dickey and Terry.

If brains and beauty will get a date
I cast my vote for Katherine Strait.

A rare combination of brains, talent, and beauty
Mary E. Clark will never be found moody.

Black-eyed, pert, and a symphony for the eyes
Sure, we're talking about Polly Jones, you guys.

Funsters are Elizabeth Shelton and Martha Wood
They'd tease even Mr. Ewing if they could.

A mere whisp of a girl with flashing eyes
Monteith Pevey makes 'em put on their ties.

The little red fox is Miller Schultz's joy;
An outdoor lad, and he's quite a big boy.

His home is found so far away.

GENERAL ASSEMBLY

THE POINT SYSTEM

Several years ago, the administration of Copiah-Lincoln, feeling that the very important part of our college careers termed extra-curricular was ill-rewarded and abused, instituted the "point system". This system has a twofold purpose.

First, it rewards students outstanding in extra-curricular activity with medals. For the seven people gaining the highest number of points in their two-year career there are gold medals. For the thirteen students next highest there are silver medals. For the twenty students next highest there are bronze medals. The eight high school medals are bronze.

These activity points are gained in two divisions. One is "being" a member or officer of an organization. The other is "doing" something in the extra-curricular line e.g., playing in a football game, making a speech at prayer meeting, singing in chapel, representing the school off the campus and so on; thus practically every student gets some points. Whether he is fortunate enough to win a medal or not, he gets recognition, for activity summaries are mailed with his transcript when he transfers. His senior college can consult his activity record and give organizations notice that this transfer from Co-Lin was outstanding in that activity. So, the Copiah-Lincoln student is helped by the "point system" even after he leaves Wesson.

The second purpose of the "point system" is to limit participation. The committee found that outstanding students were often elected to more positions than they had time to fill in a manner that would do justice to themselves and the office. Therefore to promote efficiency and to give more students the opportunity of being campus "bigshots," the committee requires that no student be president of more than one organization or another officer of more than two other organizations.

A FOOTBALL CAPTAIN TALKS

During the course of years athletics has always been one of the chief driving forces of this institution. I attribute the cause for this to Co-Lin's great teams. Not only has this school a name for its great teams, but also for the high moral standards of its athletes. Good coaching is given by the best coaches that could be selected by our school officials. Coaches are selected not only on the merit of their success as a coach, but also on their character.

Probably different from other colleges, the first thing our coaches ask us to do is to study and pass our work. Then, think, eat, and sleep our work on the athletic field. I think the most important thing that I have received here is the spirit which can only be gotten in our closer contacts with each other. On our athletic squad we want fellows who have courage, who don't object to hard work, who are willing to pass up some of their everyday pleasures during the season, who are willing to take of themselves, making any sacrifices necessary for the good of the team. It seems as if the clay from these red clay hills molds into us a spirit that causes Co-Lin to be on top.

I would like to say in behalf of our ex-coach, Coach Dick Hitt, that he had what it took to win the admiration of each of us who played under him. He not only tried to build great physical bodies, but strove to heighten our morals and mold in us a spirit long to be remembered. We hated to see him leave us.

In the coming years it is my desire to see the onward march of that which has made this institution as it is today, and produce not only championship teams, but greater than teams---the "Wolf Spirit."

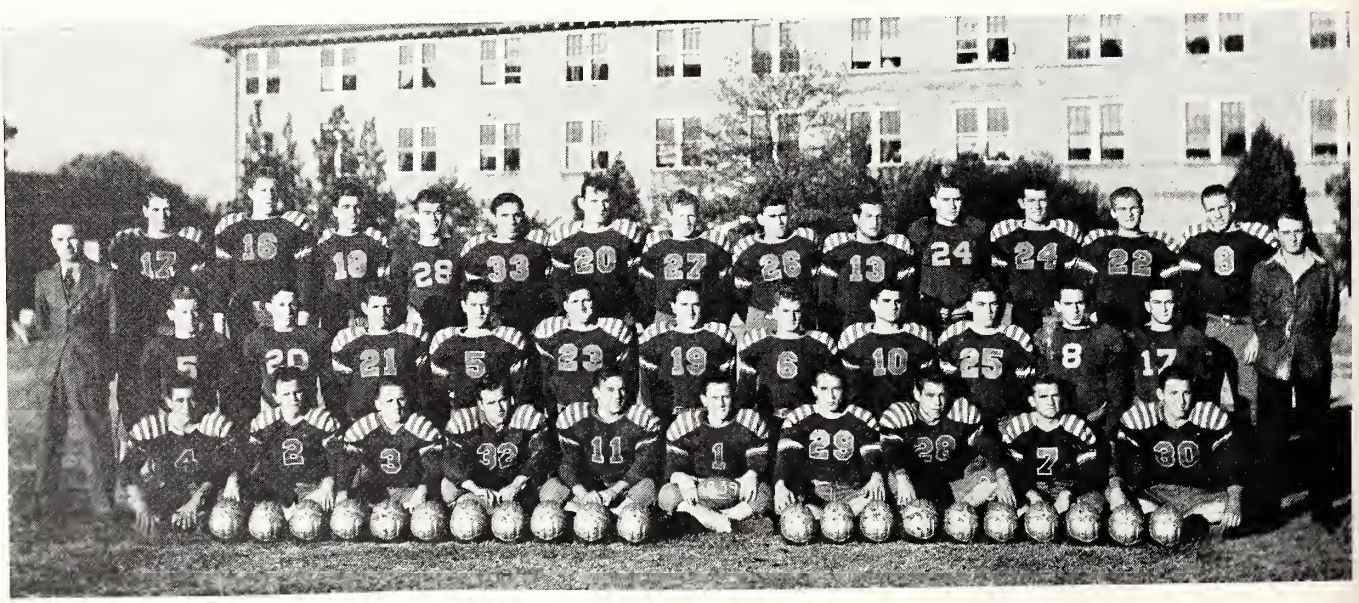
By ELMER BRUMFIELD
Captain of the 1939 Wolfpack

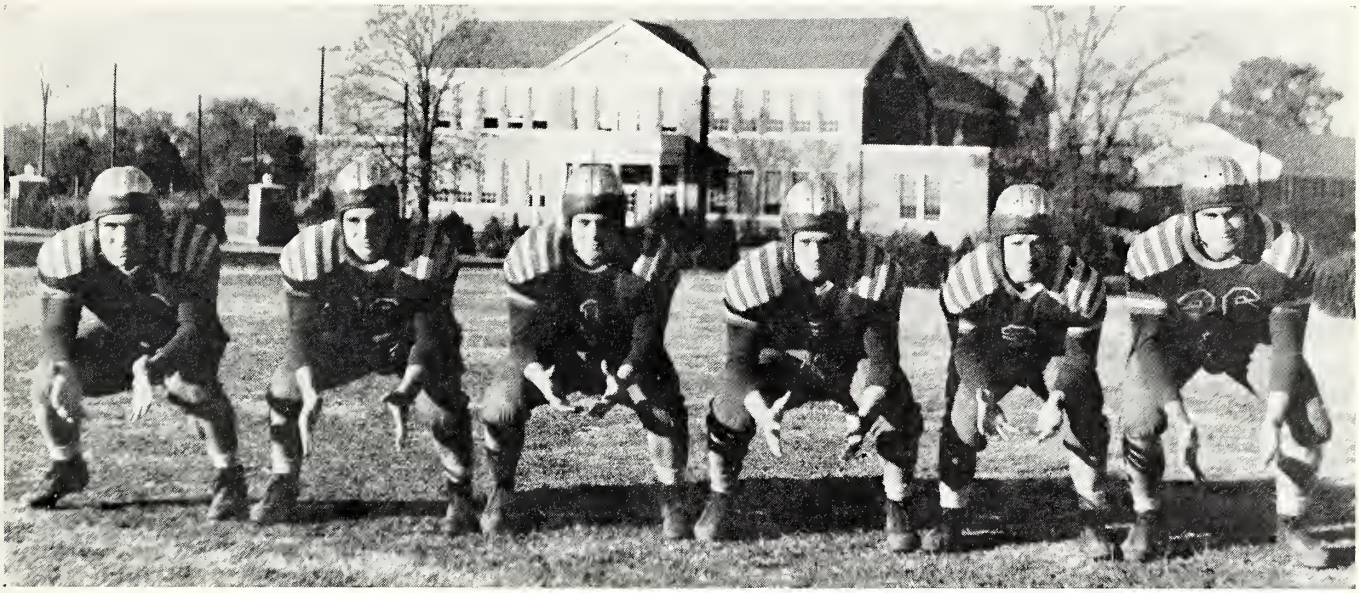
Athletics

Football

The season of 1939 was a disappointing one for the Wolfpack. To say anything else would not be the truth, because in defeat Copiah-Lincoln still was as eager for victory as ever. Yet, the season of '39 did show that the "Wolf Spirit" of the students who back the football teams was stronger than most people ever dreamed. Copiah-Lincoln students stuck by their team through the season's final disaster at Raymond.

In spite of the defeats that marred the record of this year, Coach Hitt's boys won several games. First, the Wolfpack upset the Southeastern Reserves, then whitewashed the Papooses from Coach Hitt's Mississippi College. To begin the conference year the Wolves trounced Scooba and Poplarville, but the Decatur Warriors were too strong for the Fighting Pack. Then Moorhead took a heartbreaking game Home-Coming day. Northeast Center conquered Co-Lin. Next the disheartened Wolves lost to Goodman. But with the old "Wolf Fight" back into them they mauled Summit over Stone Field. Finally Heifer Stuart's Raymond Eagles fulfilled the ambition of years by thoroughly beating Wesson on the Hind's gridiron. So Co-Lin called a .500 season disastrous.





The Backfield

GEORGE GULLEDGE - - - - - - - - - - - - - Fullback

"Popeye" was Coach Hitt's powerhouse plunger. His play at the vital spinner position made him valuable indeed. He is a Sophomore.

EARL BEMUS - - - - - - - - - - - - - - Right Halfback

This Texan looked bored but played like football was life to him, so he gave life to the Wolfpack in brilliant climax runs. Earl will be back next year.

CAPTAIN ELMER BRUMFIELD - - - - - - - - - Quarterback

"Shorty" led his Wolfpack nobly even when they tasted defeat. Possessing brains with his brawn and fortitude, with his unrivaled "Wolf" spirit, he stands out among Copiah-Lincoln students.

MAYO PITTMAN - - - - - - - - - - - - - - Fullback

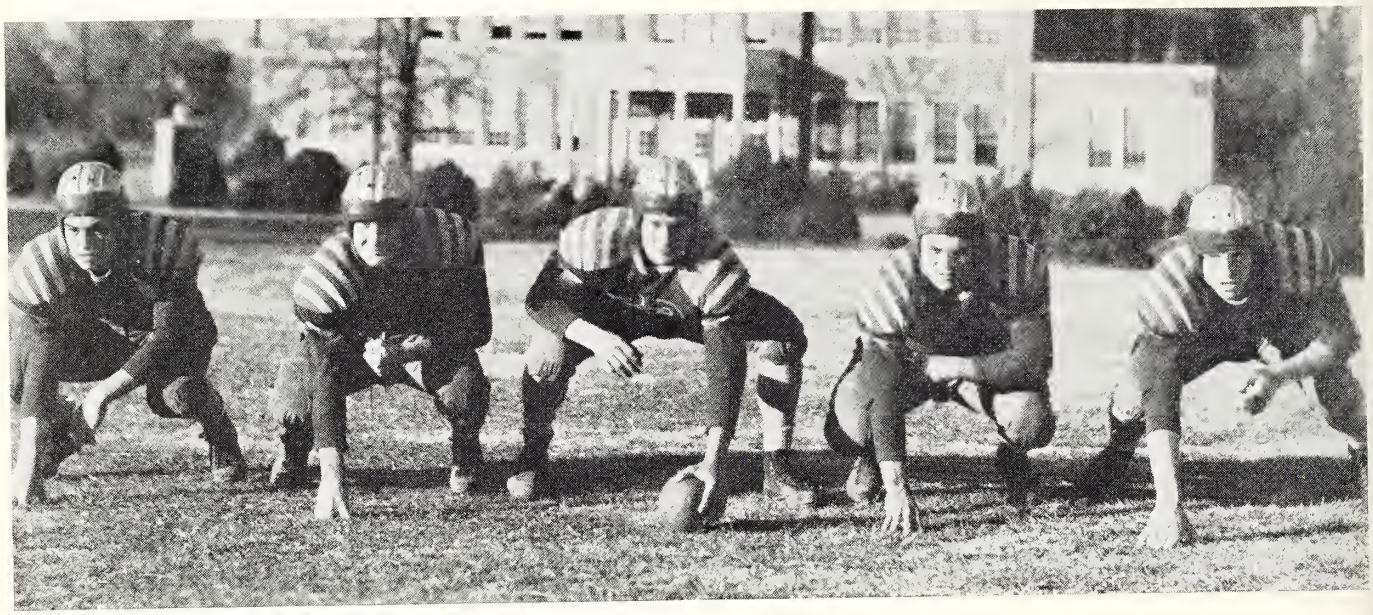
This bundle of galloping gold from the black gold country meant yards and yards to the Pack. He was too valuable to leave out of the game, so when another fullback came in, Pittman took over the blocking back position. He is a Sophomore.

RUSSELL KAHL - - - - - - - - - - - - - - Left Halfback

"Rabbit" showed so much fire and grit that his absent avoirdupois did not hurt him a bit. He is a Sophomore.

HOMER LEACH - - - - - - - - - - - - - - Left Halfback

Homer won recognition as a star back home and showed himself this fall a potential Wolf. Seasoning should make him a whiz.



The Linemen

DEWEY METTS - - - - - - - - - - - - - - - Tackle

Dewey was hailed as Coach Hitt's iron man. The husky youth played a steadier game than any other Wolf. He has a football future. He is a Sophomore.

HOWARD MITCHELL - - - - - - - - - - - - - - Guard

"Homely" was called "Ugly Duckling" but played like Prince Charming when he went to the defense of Wolfdom. He is a Sophomore.

TAYLOR ROBERTSON - - - - - - - - - - - - - - Center

Folks who ought to know say that "Robert" Taylor has a great future. He was an asset to the Wolf line.

DICK THAMES - - - - - - - - - - - - - - - Guard

"Porky" is about as tough as anybody on the campus and should make himself an All-State performer next fall.

ALTERNATE CAPTAIN CHARLES KEMMITZER - - - - - - Tackle

"Gump" is plenty tall and plenty good for anybody's football team. He is an all-round athlete who is a credit to Copiah-Lincoln. He is a Sophomore.

The Linemen

KERMIT DAVIS - - - - - - - - - - - - - - - End

"Rosie" is a crushing end and everybody likes him, even Mississippi State.

HUGHLON GRISHAM - - - - - - - - - - - - - - End

"Creep" used his long left arm to dispatch and gather the pigskin on aerials and to bowl over ball carriers on defense. We shall miss him next year. He is a Sophomore.

BURNELL BATTON - - - - - - - - - - - - - - Guard

"Strong Hope" is another linesman who has great possibilities at Wesson, if we judge by the way he played this fall.

WALTER DAFFIN - - - - - - - - - - - - - - Tackle

"Wheat" starred at center, guard, and tackle this fall. Coach Johnson may let his Captain play all three positions next fall.

HAL LITTLE - - - - - - - - - - - - - - - Guard

Little is another boy that played all up and down the line. During the next two seasons he should continue to "Bust 'em" for Co-Lin.

PURSER NEWMAN - - - - - - - - - - - - - - End

Newman was All Big-8 in high school and if he improves as much in his next two seasons at Co-Lin as he did this first one, he should be All-State.

THE COACHES

Coach Dick Hitt came to Copiah-Lincoln, made a host of friends and left us for a field of wider opportunities, all in one short year.

Coach "Farmer" Johnson comes to the Wolfpack recommended by Major Bob Neyland. Co-Lin feels the Tennessean is a man worthy her allegiance. His sterling character and his "bust 'em" football, suit Wesson to a "T." Given good material and a fair chance, he should prove a great coach.

ODDS AND ENDS

Right now is the best time to say that it would be impossible for us to publish our yearbook if it were not for the business houses who have bought advertising space in this book. You students pay three dollars for your copy of the TRILLIUM, but it costs six dollars a copy to get it off the press. So you see, every student who buys a yearbook is accepting a gift of three dollars from our advertisers. We feel that you should show your appreciation of this gift both verbally and with your trade.

You notice that on page nine there is a picture of the big bell which we thought you would like. But did you know that that bell has quite a history. It was brought to Wesson by the owners of the Mississippi Mills, in years past the largest cotton mills in the South. Every morning at five o'clock the bell pealed an alarm that woke the people within a five mile radius. At six they were expected to respond to a whistle toot by beginning their twelve hour day. When labor troubles came and the mills went, the Wesson fire department fell heir to the bell. For a few years its clang called Wesson to fight fire. It had doubled as a fire and mill bell in earlier days. But time makes changes even in Wesson. The town bought a siren. Then Copiah-Lincoln bought the bell, gave it a coat of silver paint and Mr. Smith's cohorts jerked melodious tones that sent students to class. Now Mr. Thompson and electricity have taken over the problem of informing folks that it is class time and the old bell is just a shock troop except when meetings are called in the Little Theatre at odd hours.

The map on the end sheet of this book is one drawn by Hughlon "Creep" Grisham to show you the extent and uses of Copiah-Lincoln's farm land. Under the direction of Coach Goodwin and "Cap" Wallace, Co-Lin students cultivate this model farm. Girls, that is what the boys do on their work days. Many worthy students, mostly athletes, work on the farm through the summer to pay their expenses.

Copiah-Lincoln's dairy herd is one of the best in a section noted for its fine Jerseys. The Dairy Herd Improvement Association has been lavish in its praise of the cows and the herdsman, James Springs, a graduate of this temple of learning.

STRAY THOUGHTS

We went to class this morning wondering what we would put in this space where we hoped advertisers would pay to have their names recorded. As the bell rang, it was the first period, Martha Wood and Elizabeth Shelton came dashing in with profuse apologies for their tardiness. Martha did the talking. The other day we caught a ride with a lady who said we probably knew a little "scatterbrain" who lived next door and came to Co-Lin. Well, that's one way to describe effervescent pep.

But the lady is giving us an assignment. Better get this'n. It takes sixty hours to graduate and we need these three. Oh! for the joyous freshman days when diplomas and honors and quality points seemed too far off to worry about. But that's the time to get them. What exercise did she say? Anyway exercise (C) is easier, so I'll just mark it. She ought to give some credit for effort even if it be misdirected. Besides, how much work do

they expect folks to do. After all, we're taking five courses.

Wonder how those folks get by who take a heavy campus course. Hyman McCarty has kept his A's up in spite of his romantic interest. He thought he was immune, but I guess he rooms too close to Paul Waller. But Paul can't have much influence. Look at Dewey Sanderson! He says he doesn't even know where the girls' dormitory is. But I don't know how he can miss it with Bobby and Polly Jones (a bunch of others too, lots of the time) leaning out the windows all afternoon and hollering at folks. Remember in **Gone With the Wind** that Miss Pittypat got all over Scarlett for yelling at somebody out her bedroom window. But times have changed!

That's a familiar sound. Oh! She's calling our name. Better say we don't know, that's better than blurting out the wrong answer. Probably didn't know it anyhow.

stadium we want over at Stone Field. WPA's going to do a lot of work, but Mr. Ewing says that won't be a stadium. They're going to beautify the campus $10,000 worth. It will look better with all the old dairy barns and fences cleared away. They were going to build a golf course out there somewhere. That's getting pretty ritzy for a "cow collich." That's us. But there are some pretty swell folks around. That's why we have the TRILLIUM, so they can write in it; then we'll remember them all.

It is about time for the bell. You can't hear it up here most of the time. Betcha if a bunch of us got up at once we could "fugaboo" her out of a few minutes. Sun shining like it is these days it feels good to be out on the campus. That must be the way alligators feel when they lie out on a sandbar. Well, if Miss Felder doesn't decide something in here is indiscreet it'll be enough to fill that space.

WHEN DAY IS DONE...

As another school year ends, we like to think that our engravings have helped preserve the memory of many happy hours.
